Plato was a philosopher during the 5th century BCE. He was a student of Socrates and later taught Aristotle. He founded the Academy, an academic program which many consider to be the first Western university. Plato wrote many philosophical texts—at least 25. He dedicated his life to learning and teaching and is hailed as one of the founders of Western philosophy.

Plato recognized that the picture of the Divided Line may be difficult for many of us to understand. Although it accurately represents the different levels of reality and corresponding degrees of knowledge, there is a sense in which one cannot appreciate its full significance without first having achieved the highest level.

1. Aristotle's Life. Born in 384 B.C.E. in the Macedonian region of northeastern Greece in the small city of Stagira (whence the moniker 'the Stagirite'), Aristotle was sent to Athens at about the age of seventeen to study in Plato's Academy, then a pre-eminent place of learning in the Greek world.

Consequentialism, as its name suggests, is the view that normative properties depend only on consequences. This general approach can be applied at different levels to different normative properties of different kinds of things, but the most prominent example is consequentialism about the moral rightness of acts, which holds that whether an act is morally right depends only on the consequences ...

### **Consequentialism (Stanford Encyclopedia of Philosophy)**

Knowledge. The "standard analysis" of knowledge in recent philosophy has been of knowledge as

"justified true belief." In a "belief," someone mentally assents to some proposition; if this belief is "true," then there is some fact about reality that makes the proposition true; and then if the belief is "justified," it means that the believer has some evidence or good reason for the belief.

BOOK VII. And now, I said, let me show in a figure how far our nature is enlightened or unenlightened: — Behold! human beings living in a underground den, which has a mouth open towards the light and reaching all along the den; here they have been from their childhood, and have their legs and necks chained so that they cannot move, and can only see before them, being prevented by the chains ...
